What to do if...	Action needed	Back to school...
 <p>...we / my child has travelled and has to self-isolate as part of a period of quarantine</p>	<ul style="list-style-type: none"> Do not take unauthorised leave in term time Consider quarantine requirements and FCO advice when booking travel Provide information to school as per attendance policy <p>Returning from a destination where quarantine is needed:</p> <ul style="list-style-type: none"> Child shouldn't attend school Whole household self-isolates for 14 days – even if they test negative during those 14 days 	<p>...when the quarantine period of 14 days has been completed for the child, even if they test negative during those 14 days</p>
 <p>...we have received advice from a medical / official source that my child must resume shielding</p>	<ul style="list-style-type: none"> Child shouldn't attend school Contact school as advised by attendance officer / pastoral team Child should shield until you are informed that restrictions are lifted and shielding is paused again 	<p>...when school / other agencies inform you that restrictions have been lifted and your child can return to school again</p>
 <p>...I am not sure who should get a test for COVID - 19 (coronavirus)</p>	<ul style="list-style-type: none"> Only people with symptoms* need to get a test People without symptoms are not advised to get a test, even if they are a 'close contact' of someone who tests positive 	<p>...when conditions above, as matching your situation, are met</p>

Main symptoms

The main symptoms of coronavirus are:

- a **high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a **new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- a **loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Most people with coronavirus have at least 1 of these symptoms.
