Important: Year 8 Ex3 Exams and GCSE Options

Dear Parents and Guardians,

I hope this message finds you well.

I am writing to inform you that the Year 8 Ex3 exams will begin on **Monday, 28th April 2025**. These exams mark a significant milestone as students complete **Key Stage 3 (KS3) and transition into Key Stage 4 (KS4)** in preparation for their GCSEs.

The results from these exams will play a key role in guiding discussions about the most suitable subject choices for your child. We will explore these options further during the **Parents/Options Evening in June 2025** (exact date to be confirmed closer to the time).

To support their preparation, **revision topics are now available on the Student Hub**. Please encourage your child to take full advantage of these resources and establish a structured revision routine. Consistent and focused study will be crucial in ensuring they achieve their full potential.

Your support in reinforcing the importance of these exams and encouraging your child's best efforts is invaluable. If you have any questions or require further guidance, please do not hesitate to contact us.

Thank you for your continued support, and I wish all our Year 8 students the very best in their revision and exams.

Best regards,

Mr S. Chowdhury
Head of Year 8
